Business telephone:	02380 262607
Electronic mail	hicswic@gmail.com
Full names of all directors:	Sean Patrick O'Hara and Emma Guiver O'Hara

Part 2 – Aims and Objectives

The aims and objectives in providing the regulated activities and locations shown in part 3 of this statement of purpose are as follows:

Fryern Dental Practice Ltd offers personal all-round dental care for the whole family. We are a highly motivated, friendly and dedicated team. We provide a high level of care, attention and communication to our patients and we strongly believe that preventative dental care is far more beneficial to all our patients than trying to treat problems that get put off over time. We therefore encourage our patients to have regular dental check-ups. We want to avoid serious tooth and gum disease which can be spotted in their very early stages and prevented from becoming a larger, more painful and costly experience.

Part 3 – Locations and the people who use the service, their service type and their regulated activities

The information below is for location no:	1	of a total of	1	location
Name of location:	Fryern Dental Practice			
Address of location:	119a Winchester Road Chandlers Ford Hampshire SO53 2DR			
Location ID:	1-6782041027			
Telephone:	02380 262607			
Electronic mail:	reception.fdp@btconnect.co.uk			

Description of the premises:

The practice is located in the centre of Chandlers Ford, it is part of the Fryern Shopping Arcade making parking easy and free. It is a first and ground floor building; spacious, clean and well equipped to provide high standard private dentistry. We have and NHS contract to treat patients under 18.

There are three dental chairs at the practice. As well as general dentistry we offer specialist treatments such as implants, treatment under sedation for phobic and nervous patients and cosmetic treatments.

We perform an annual management review for a year-on-year improvement in standards. At this meeting we review all of the meetings and audits that have occurred throughout the year as well as any problems or non-conformances.

All equipment is inspected daily for function and safety. Every piece of equipment also has regular equipment inspection and testing as recommended by the manufacturers. Our pressure vessels are insured, inspected and tested according to the pressure vessels regulations. Our cross infection procedures are verified and recorded. Our x-ray equipment is tested every three years. Our portable electrical equipment is inspected and tested annually.

The highly dedicated team are:
